INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Leaksville, Spray and Draper Directory since 1958), presents to subscribers and the general public, this, the 1963 edition of the Leaksville, Spray and Draper City Directory, which also includes Rural Route Residents.

Confidence in the growth of Leaksville, Spray and Draper's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Leaksville, Spray and Draper to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Leaksville, Spray and Draper Directory will fulfill its mission as a source of authentic information pertaining to the communities.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the communities, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Leaksville, Spray and Draper, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Leaksville, Spray and Draper, and the name, official personnel, nature and address of each firm and corporation in the communities.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

8009425 (Spray & Draper)

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the communities, depicting in unbiased terms what they have to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Leaksville, Spray and Draper.

The Out-of-Town City Directory Library

Through the courtesy of the publishers of the Leaksville, Spray and Draper City Directory, a Directory Library is maintained in the offices of the Tri-City Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Power—Furnished by Duke Power Company, and Dan River Steam Station with an output of 300,000 KW.

Aerial View of Leaksville, N. C.

Historical Sketch

Based On Writings Of The Late
Judge Henry P. Lane, of Leaksville, N. C.

The Towns of Leaksville, Spray and Draper have come to be known as the Tri-Cities of Rockingham County, North Carolina. This is proper, as they are so intimately linked in their industrial, social and cultural interest as to form one Metropolitan area. Leaksville was incorporated in 1874; Draper in 1949; and Spray in 1951.

These towns are in an historic area. Here Colonel William Byrd, the famous Virginian, came in 1728 when he led the commission running the dividing line between Virginia and Carolina. In 1733, he received his grant of twenty thousand acres, and named it the "Land of Eden," and said in his immortal book, it was the most beautiful section he had ever seen. All of Spray and Draper, and much of Leaksville lie within the confines of Byrd's tract. When Leaksville's radio station, the first in Rockingham County, went on the air in December, 1946, the call letters, with perfect propriety, were W L O E, representing the "Wonderful Land of Eden."

Leaksville is the oldest of the triplets; and one of the oldest towns in the county. Some years prior to 1797, John Leak had received from Robert Galloway, a large land owner, a tract of one hundred acres of land on the north side of the Dan River near the point where the Smith River runs into the Dan. By reason of the beauty and healthfulness of the location, Leak decided to promote a town here and sold a number of lots. In 1797, the Legislative body of the State passed an act authorizing him to lay off a town site on his tract according to the plans drawn by a board of commissioners named in the Act. This was done, and the town was named Leak. Two streets running East and West, Washington and Jay, and three running North and South, Patrick, Henry and Hamilton were laid out, and on these streets lots were sold and the town grew up.

The first business houses, as well as residences, were erected on Henry Street, near the river where the Karastan rug mill and Bedspread mill now stand.

Morehead Memorial Hospital, Leaksville, N. C.

In 1812, with the creation of the Roanoke Navigation Co., boats began to ply the river from Weldon, N. C., up to Roanoke River to the Dan, thence up that stream to Leaksville, which became the head of navigation. This created a great boom in the town and a rapid growth. It became the trading center of a great section, extending to and across the Blue Ridge Mountains into Virginia.

Produce from this section, accumulated by the merchants, was conveyed from here down the river and the song of the boatmen, as they poled the long batteaux, heavily laden with tobacco, and other products along the Dan, were familiar sounds.

Around 1818, a great building boom had started here, a large bank was established, a branch of the state bank, and lots were sold for almost fabulous prices. In a few years, the boom collapsed and a more substantial growth began.

In 1819, an academy was opened at Leaksville and later a school for girls was conducted. In later years, Nathan Henry, a son of America's great orator and patriot Patrick Henry, conducted the Academy for males. In 1846, Patrick Henry III was head of the school. In that year he closed the school, formed a company, and as captain of it, went to Mexico with a North Carolina regiment. Other noted teachers conducted the school here, the best known being Professor N. S. Smith and B. W. Ray.

In 1813, James Barnett had erected the largest grist mill in this part of North Carolina, at a point on Smith River, where is now the bank building at Spray. He also operated a saw mill, oil mill and cotton gin and a large store there. He sold his interest, including a large tract of land and valuable water power to John M. Morehead, and in 1839, Morehead built the Leaksville Cotton Mill. In later years, Morehead became Governor of North Carolina and one of the South's most distinguished statesmen and outstanding financiers. After his death, his family continued to expand the textile interest here, establishing the Leaksville Woolen Mill in the early seventies and conducting the largest mercantile establishment in the county.

John Motley Morehead High School

At Spray in 1890, Major J. Turner Morehead promoted the Wilson Aluminum Company, that never made any aluminum, instead, by accident, discovered how to produce carbide, which, when put in water, generated acetylene gas. From this discovery, the American Carbide Company originated and became one of the largest and greatest corporations in the world.

In 1892, under the leadership of the late B. Frank Mebane, a marvelous expansion began, and for several years a new cotton and woolen mill was promoted, each year, all the available water power of the Smith River being utilized, and steam plants being required.

In the meantime, in old Leaksville, tobacco manufacturing was the chief, or only industry, as it had been for almost a century. Auction warehouses had opened here soon after the War Between the States, and the market held up well in competition with other points. As late as 1893, eight factories were making chewing tobacco here, and some of their brands were famous throughout the country.

The Danville and New River Railroad Company built its lines to Leaksville by 1884. It is now the Carolina and Northwestern, a branch of the Southern System. This ended all water transportation, as well as the hauling of freight from Reidsville and Danville by wagons with team horses, mules and oxen.

First National Bank

Home Savings & Loan Association

By 1906, Draper had grown to be a considerable village. The German-American Co., had built a large textile mill there in the heart of what has always been called "The Meadows." In 1912, this plant and much land was acquired by Marshall Field and Company of Chicago. The blanket mill was enlarged and in 1915 an additional plant was built for the manufacture of sheeting. Seven mills of Spray also were acquired by Marshall Field and Co. These mills were expanded and improved and two new plants, the Bedspreed Mill and the Karastan rug mill, were built at Leaksville.

Marshall Field and Co. operated this chain of mills until Oct. 1, 1953, when the mills were purchased by a newly-formed corporation, Fieldcrest Mills, Incorporated. The new company has continued to invest heavily in modernization, from early 1954 to the end of 1958. Today, the Fieldcrest Mills, together with the Leaksville Woolen Mill, The Morehead Mill, and the Spray Cotton Mills form the economic backbone of the Tri-Cities, employing more than 5,000 of its citizens.

Leaksville Bank & Trust Co.

Fieldcrest Mills Inc. General Office

Fieldcrest Store

In addition to textile manufacturing, numerous other industries have been established in recent years. Among these are Rockingham Block & Ready Mix Company, a subsidiary of Boren Clay Products; Home Novelty Company, a furniture plant; Webster Brick Company, Southern Lightweight Aggregate Corporation (Solite) and Litho-Web, Incorporated, a continuous forms industry.

The Tri-Cities are served by the Duke Power Company which constructed here its Dan River Steam Station to furnish an ample supply of electricity to the northern part of the growing Piedmont Carolinas. The first 70,000 KW generating unit went on the line in September, 1949, and was followed closely by the second 70,000 KW unit in March, 1950. A third unit of 150,000 KW was added in August, 1955.

Telephone service for the Tri-Cities is provided by the Central Telephone Company with 5,540 telephone installations. The modern dial system has a capacity for a number of additional phones as needed in the future.

Tri-City Chamber of Commerce Building

The Tri-Cities have 64 churches representing all major denominations. Many fine school buildings provide for the educational needs of the communities. The county library at Leaksville and a branch library at Draper contain thousands of volumes. Two Y. M. C. A.'s, Boys Club and boy and girl scout organizations provide wholesome programs benefiting youth. A total of 64 civic clubs, affiliated with National organizations provide opportunities for self-development and community improvement.

Leaksville, Spray and Draper are located in a beautiful section. The towns nestle along the rivers surrounded by a rich farming section with the towering Blue Ridge Mountains in the distance. The Tri-Cities are truly a "Land of Eden," not only, as Byrd wrote, "A place where everything grows plentiful to supply the wants of Man" but also where beautiful textile products are manufactured in enormous quantities to help supply the wants of man all over the globe!

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Association of North American Directory Publishers

60 East 56th Street

New York 22, N. Y.

FAIR PRACTICE CODE

for ADVERTISING and SELLING

**recommended by the ASSOCIATION OF
BETTER BUSINESS BUREAUS, INC.**

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know — what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

HOW TO KNOW WHETHER A WIFE IS EMPLOYED... AND WHERE SHE WORKS

This vital information may be secured instantly from your City Directory. Every person of Directory listing age (18 years and over) is listed, including both men and women. The wife is listed with her husband, and also is listed separately if steadily employed.

Do your employers
furnish you with the
latest edition of the
City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

DRAPER
MERCHANTS ASSOCIATION

Mr. Citizen!

*Correct Information Is
Valuable to You!*

¶Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

FIELDCREST MILLS, INC.

- Furnishes jobs for over 3,600 Tri-City people.
- Provides local payrolls of \$14½ million a year.
- Is the largest taxpayer in the Tri-Cities.

Local taxes paid by Fieldcrest help provide schools, streets, waterworks and sewerage systems, law enforcement, fire protection, and other advantages which make the Tri-Cities a good place to live.

We are proud to play such an important part in the lives of so many people in the Tri-Cities. We appreciate the cooperation and good will of Fieldcrest employees and other citizens and neighbors.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

- 1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
- 2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
- 3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
- 4** A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.
- 5** A *Statistical and Historical Story* of your city; plus miscellaneous other information.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

Directory of Household,ers, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1963

Copyright, 1963, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names. Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc. does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

Don't Contribute to Counterfeiters KNOW YOUR MONEY!

Don't Be Fooled by Forgers KNOW YOUR ENDORSERS!

The Government never redeems counterfeit money!

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

COLORED SEAL *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

Genuine—Saw-tooth points around rim are even and sharp.

SERIAL NUMBERS *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

Genuine—Figures firmly and evenly printed, well spaced.

PAPER *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U.S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10¢ each, or \$7.50 per 100 from the Superintendent of Documents, Government Printing Office, Washington, D.C.

Published in Cooperation with United States Secret Service Treasury Dept.

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.**

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
